

# YOU'RE THE LIGHT

C Csus C  
In a dying, hurting world  
Csus Am  
There's a light that shines for all to see  
C Csus C  
Though the sky may turn to grey  
Am  
And broken hearts begin to fade away  
Gsus G  
Your love shines through  
Gsus G  
Daylight breaks through  
F Dm  
The longest of nights

F  
You're the light that shines in darkness  
C G  
Shining bright for all the world to see  
Dm  
Yes the world will see  
F  
You're radiant in all your glory  
C G  
Nothing is impossible for you  
Dm  
Impossible for you

God of mercy, God of grace  
Let justice flow like we have never known  
Give us courage give us faith  
Faith for miracles we've longed to see  
The deaf will hear you  
The blind will see you  
Let the dead man arise!

F Em  
Would you shine  
Am G  
Would you shine
